

January 8th 2007

Dear Valued Customer:

In February 2007, the Government of Saskatchewan will launch its new electronics recycling program. The purpose of the program is to have the people of Saskatchewan be a part of an approved industry take-back and recycling program where they will have access to province-wide collection depots to dispose of their old (or end of life) electronics, specifically computers and televisions, in a responsible manner.

The program is funded by an environmental fee (otherwise known as the Environmental Handling Fee or EHF) ranging from \$5 to \$45 on the purchase of new computers and televisions in Saskatchewan starting February 1, 2007. The program is managed by the Saskatchewan Waste Electronic Equipment Program (SWEEP), a non-profit organization delegated by the Government of Saskatchewan to manage the electronics recycling program on behalf of the people of Saskatchewan. For more information regarding this program please visit the Saskatchewan Government website at www.sweepit.ca or contact SWEEP at 1-888-350-6555 (toll free).

As part of this process, we will charge, by separate invoice, the Environmental Handling Fee (EHF) for any shipments into Saskatchewan. If you are registered as a First Seller with SWEEP and DO NOT require Ingram Micro to collect the EHF on your behalf, please sign the attached First Seller form ASAP and **fax to Ingram Micro at 604-295-1040** prior to February 1, 2007. If we do not receive a signed form, we will invoice the applicable EHF for all shipments into Saskatchewan. Product categories charged will include televisions, laptops/notebooks, printers/printer combos, desktops and monitors. A more detailed list is attached.

Further details of this program can be found at the SWEEP website and number listed above.

Sincerely,

Ingram Micro Inc.

**FIRST SELLER FORM TO INGRAM MICRO
To Be Signed By a Remitter of the Electronic Handling Fee (EHF)**

TO: INGRAM MICRO

The Undersigned hereby certifies and agrees that it:

1. is registered with the Saskatchewan Waste Electronic Equipment Program (SWEEP) for the purposes of the *Waste Electronic Equipment Regulation* under the *Environment Management and Protection Act*;
2. will remit to SWEEP the electronic handling fee on electronics supplied by Ingram Micro.
