

We'll bend over backwards to help you sell Compaq Workstations

Compaq gives you a choice of graphic controllers:

ELSA Synergy II (AGP)

3Dlabs Oxygen GVX1 (AGP)

Matrox Millennium G400 Dual (AGP)

System available without Graphics Card
(See your sales rep for pricing)

Now Ingram Micro and Compaq make it much easier to sell Compaq Workstations.

Compaq gives your clients the flexibility to specify the graphic controller that best suits their needs.

What's more, Ingram Micro can give you professional pre-sales and configuration advice to enable you to deliver the perfect fit between Workstations power and graphic performance.
