 SupportPack	Products	Coverage	Service Level Description	Further details
3 Years On-site Repair within 6 hours of call (24x7)	NetServers	24 hours a day, 365 days a year	Hp's On-site Response within Belgium. If the problem cannot be resolved by remote diagnosis, an hp-qualified technician is immediately engaged and sent to the customer site to begin on-site repair. This service is available 24 hours per day, Monday to Sunday (including public holidays).	The Network Operating System (NOS) restoration is not included in the six hour hardware repair window. It may take upto 4 weeks to set up the necessary audits and processes before the hardware repair commitment is in effect. During this time, HP provides you with the 24x7, 4 hour on-site hardware response time and makes reasonable effort to meet the 6 hour repair commitment.
3 Years On-site Response within 4 hours of call (24x7)	PCs, NetServers	24 hours a day, 365 days a year	Hp's On-site Response within Belgium. If the problem cannot be resolved by remote diagnosis, an hp-qualified technician will begin hardware maintenance service at the customer's site within 4 hours of call. This service is available 24 hours per day, Monday to Sunday (including public holidays).	The SupportPack covers the hp hardware product and all hp-supplied internal components. For hp NetServers restoration of the Network Operating System (NOS) is included. Application and data restoration is not included and is the customer's responsibility.
3 Years Comprehensive Accidental Damage Support (9-17 h)	Omnibooks	Mon - Fri (9-17 hr)	HP will provide Customer with a door-to-door service including pick up, repair and return of the supported hardware that suffered accidental damage. HP will send a courier to pick up the damaged product during the next business day following Customer's call. Call for Service must be placed during HP's normal business hours (between 9:00 and 17:00, Monday to Friday, excluding public holidays).	. Accidental damages covered include damages resulting from liquid spills, mechanical shock, electrical shock and breakage. The Accidental Damage SupportPack provides the customer a service that protects their investment against accidental-damage, some examples are: liquid spills, drops, falls, collisions, electrical surges, broken LCD. The replacement of major parts is limited to one each per year. Theft, fire, damages caused intentionally and normal wear and tear are not covered.

HP SupportPack: What's in and what's out?	
In	Out
All hardware interventions (parts, hours and transport costs)	Consumables are not covered: e.g. the wiper, drumkit and fuser of a LaserJet are consumables.
In combination with a PC, keyboard and mouse - unless otherwise mentioned in the SupportPack description.	Replacement product for the time it takes to repair the original (for return to hp supportpacks)
All hp products (accessories) that are built in in the cabinet at the moment of purchase or later by an hp qualified technician (e.g. network cards, memory, hard disks and other drives).	

HP SupportPack: contact numbers		
General information	Dutch & French	(02)778 3400
HW problems under standard warranty	Dutch	(02)626 88 06
HW problems under standard warranty	French	(02)626 88 07
HW problems under SupportPack / Contract Warranty	Dutch & French	(02)778 3800

Registration of SupportPack:
It's the customer's responsibility to send back the completely filled SupportPack registration card, via two possible channels.
Via fax (+44 208 967 4135) or pre-paid postage:
HP SUPPORTPACK P.O. BOX 2570 LONDON W5 1ZN U.K.
Important: customers need to fill in the HW product and serial number and stick one of the 2 SupportPack labels on the registration card.
The second SupportPack label should best be stuck on the HW product. This improves the speed when calling HP Support Service.

What about the timings ?
The maximum delay between HW purchase and SupportPack purchase: 180 days . Please note that the SupportPack is an extension of the standard product warranty and - as such - automatically starts at the beginning of the factory warranty. So the supportpack purchase delay doesn't extend this factory warranty!
The HW purchase date remains the starting date of the SupportPack coverage. Before end of the Factory / SupportPack warranty, the customer can purchase a Post-Warranty SupportPack to extend the support coverage.
These Post-Warranty SupportPacks are available in 1- or 2 year terms, in next day on-site service.
For HP Computing products, the Post-Warranty SupportPacks are available in 1- year term only and mainly in NDOS (next day on-site service). For HP NetServers, the Post-Warranty SupportPacks are available as well in same day on-site response (during business hours or 24x7).
