
Volume Licensing Program

The Executive Software® Volume Licensing Program is the most cost-effective way to license Executive Software's products for small-to-mid-sized businesses, large corporations, government and academic organizations. It's a streamlined, contract-free, multi-level program – starting at just 20 licenses.

BENEFITS

- Volume Licensing cost savings begin at just 20 licenses.
- No purchase agreement required to receive volume discounts.
- No forecasting or reporting requirements.
- No commitment to buy additional licenses.
- One full set of media and documentation (CD-ROM and manual) included with each volume license purchase.
- 60-day free upgrade and 90-day free technical support offered with each license from date of purchase.

DETAILS

Executive Software's products – Diskeeper® defragmenter and Undelete® file recovery utility – are available in workstation and server versions.

The licensing price levels are shown below. Licensing purchases are not cumulative. To obtain lower prices, customers can place new orders for quantities that would satisfy the next price level. Each Windows computer running Diskeeper or Undelete are *licensed per machine, not per user*. Licenses are perpetual and do not expire.

Level	Workstation	Server
A	20-99	20-49
B	100-499	50-99
C	500-999	100-199
D	1000+	200+
