Product Focus: Qualified CA ARCserve® and CA XOssoft™ solutions

Program Dates: Effective January 11, 2010 for CA Registered Partners

Promotion Description: As of January 11, 2010, CA Registered level Partners are also eligible to participate in CAMargin Builder Deal Registration and can start saving up to 8% at-time-of-purchase on qualified CA ARCserve and CA XOssoft deals that are registered and approved. Start using deal registration and start saving today. The same low (or \$0) minimum order requirements apply for all partner levels!

For more information: Visit arcserve.com/partnerportal

Product Focus: Threat Manager and Total Defense Solutions (competitive upgrades)

Program Dates: Now through December 1, 2011

Program Description: CA internet security partners have the opportunity to receive discounts of either 20, 30, or 40% on competitive upgrades for Threat Manager or Total Defense based on the competitive situation.

For more information: Visit <http://home3.ca.com/partnerportal/isbusppp/index.aspx> and fill out the ISBU promo registration form. After filling out the form it will be sent to CA for approval. When approved the partner will be sent a confirmation email with a promo certificate, which can then be forwarded to CAlicensing@ingrammicro.com with a request for a quote.
