CA Amnesty: Renew Now. Penalty-Free!

Has your CA ARCserve® Backup or CA XOsoft™ maintenance lapsed?
Want to get current before the next release (coming soon)?

Why Maintenance Is a "Must"

CA maintenance provides you access to the support services and latest product enhancements needed to keep your business running smoothly and ensuring the highest possible return on your CA technology investment.

Save Money *and* Get Ready for ARCserve r15

With the release of CA ARCserve Backup r15, ARCserve® Replication r15 and ARCserve® High Availability r15 (the current CA XOsoft) just around the corner, now is the time to take the opportunity and renew your ARCserve and XOsoft maintenance licenses - **PENALTY-FREE** - with our CA Amnesty Offer.

This limited time offer allows CA ARCserve and CA XOsoft customers, whose maintenance has lapsed (between April 1, 2009 and January 31, 2010), to purchase new maintenance at standard maintenance renewal prices on **ALL** ARCserve and XOsoft products. Save money and be fully prepared to benefit from the exciting features you'll find in the upcoming releases of CA ARCserve® Backup r15, CA ARCserve Replication r15 and CA ARCserve High Availability r15 (the current CA XOsoft).

Upcoming Benefits:

CA Amnesty
Renew Now. Penalty-Free.

ARCserve Backup r15 Benefits:

- **Greater Control -** Gives you control over your changing business by delivering total protection for your systems, applications and data.
- **Greater Protection and Flexibility -** Industry leading technology provides security and auditing to meet compliance requirements while improving the quality of service across heterogeneous environments.
- **Improved Manageability and Reliability -** Provides greater and easier operational control, improves IT productivity and helps increase performance and reliability in meeting RPO and RTO requirements. It also offers proactive troubleshooting and growth planning of your data environment.

ARCserve Replication r15 and ARCserve High Availability r15 Benefits:

- **Greater Protection and Flexibility -** Industry leading technology now protects an even broader set of operating systems and applications, delivering a comprehensive data protection solution to companies with a handful of servers, to large enterprises with complex, heterogeneous environments.
- **Easy to Manage -** Provides greater operational control through a single management interface.
- **Key Component for Virtualized Server Environments -** Providing physical to virtual migration and virtual server data protection. Also helps reduce DR costs.

Renew Now - Penalty Free. Hurry. Offer ends March 31, 2010.
