Vendor Program Overview

Mindjet is a market leader in Information Mapping products that allow you to move easily from concept to action plan using an interactive visual map of your ideas and information.

About the Ingram Micro Mindjet Team

The Mindjet licensing team is thoroughly trained to help you with any licensing solution you may need, with an excellent knowledge base of the quoting and ordering process from start to finish. The Mindjet team also maintains a database of license confirmations and can quickly and easily supply you with a license resend when necessary. The licensing team works closely with Mindjet to keep up with all promos and new releases on a daily basis.

Key Products

MindManager for Windows – MindManager for Windows allows you to easily lay out, organize and work with ideas and information in a wide variety of interactive visual formats including information maps, outlines, Gantt charts, organization charts, tree diagrams and a special brainstorming mode.

MindManager for Mac – MindManager for Mac allows you to move quickly from ideas, raw research, and requirements gathering to completed strategies, presentations and project plans — all within an integrated, visual environment.

MindManager Add-Ons – Mindjet offers several innovative add-ons such as Project Jetpack, Image Pack, and Power Markers that facilitate custom creation of the perfect Mind Mapping Solution for any environment.

Mindjet Software Assurance & Support

Mindjet MSA must be purchased at the same time as the software purchase, and entitles the customer to product upgrades and updates.

Physical or Electronic Delivery

Mindjet offered in both a downloadable license and a physical shipment. Maintenance (MSA) is offered for both options.

Ordering Requirements

End-user Information:

- company name
- address
- contact
- phone number
- email address (needs to reference end user company name, can't substitute the reseller e-mail)
- Mindjet SIN # for Maintenance Renewals

- License Keys for Upgrade orders
