Vendor Program Overview

NetIQ is a global leader in systems and security management. With more than 12,000 customers in over 60 countries, NetIQ solutions maximize technology investments and enable IT process improvements to achieve measurable cost savings.

Key Products

AppManager~ NetIQ Systems Management solutions provide rich heterogeneous systems management and monitoring, enabling organizations to provide effective service management, align their IT operations with business priorities and optimize the delivery of IT-based business services.

Security Manager~ NetIQ Security Management solutions uniquely provide real-time monitoring and audit of IT based changes and user activity, detection of threats and intrusions, security event management and correlation, log management and incident response automation—all with a single, integrated and scalable infrastructure.

Configuration Control~ NetIQ Configuration Control solutions give you robust configuration reporting to help you manage your systems, update your configuration management database (CMDB), and address security configuration and vulnerability issues.

Maintenance/Support

All NetIQ products require maintenance unless noted on the price sheet. Quantities of licenses and maintenance must match unless multiple years of maintenance are being purchased. If multiple years are being purchased, the number of year must be consistent throughout the entire order.

Maintenance is available as Priority (24X7) or Standard (8X5 local time) levels

Media

Media is not required as it ships via ESD with the license and is a free download.
Media that is ordered is sent out UPS Ground by Net IQ.

Authorization Requirements

Authorization is not required.

Ordering Requirements

1. PO number
2. End-user agency/organization name
3. End-user shipping street address, city, state and zip code
4. End-user contact name - first and last name required
5. End-user contact phone number
6. End-user contact email address
7. Maintenance is mandatory for each license purchased, select Standard or Priority level support.

Product Delivery

NetIQ normal processing time on orders is 2-3 business days. Licenses are delivered via email. The delivery must go directly to the end user; however, resellers are copied in on the license e-mail.

Renewals

Renewals require a quote from NetIQ and Ingram Micro before an order can be placed.

Pricing Programs

There is no educational, government, non-profit, or tiered pricing levels in the NetIQ licensing program.

Returns Overview

NetIQ has a no return policy. Please contact the licensing desk at NetIQ-Licensing@Ingrammicro.com for further information.

Please contact our licensing desk with any questions.
